MENTIONS STATE TAX LAW

Declares That it is Not Perfect But
That Republicans Have the
Courage to Amend It

(By United Press.)

Indianapolis, Ind., May 12.—Senator James E. Watson pledged himself and said he was authorized to pledge others of the "regular state" for the four delegates-at-large to vote for Major General Leonard Wood at the republican national convention.

Senator Watson made this announcement while delivering the keynote address in the republican state convention here today.

"I could not go to the convention and conscientiously do otherwise," he said.

The other three whom Watson is supposed to have pledged for Major Wood are Senator New, Governor Goodrich and State Chairman Wasmuth.

The meeting got under way shortly after ten o'clock this morning. It was called to order by State Chairman Wasmuth.

Senator Watson took the floor immediately after the preliminary proceedings. He addressed a crowd which filled the convention floor and the balcony. Many were standing in the aisles.

Senator Watson drew prolonged applause when he endorsed the administration of Governor Goodrich.

"I know that his record is worthy of comment for its economy and its inclusion of his masterful leadership in the mustering of the state's forces for the war. I know that Indiana did her share, more than her share."

Continuing to endorse the Goodrich administration, the senator declared:

"I hear a lot of talk about the tax law. I know little of it. I know it is not perfect but I also know that the republicans who made it have the courage to amend it. Save the good features of that law—and that is about all of it—and amend."

HAD VISIONS TODAY OF WINNING THE CUP

Rushville Commandery Counted on
Large Representation in Parade
Due to the Rain

MANY FARMERS AT CONCLAVE

When members of Rushville commandery No. 49, Knights Templar, left this morning for Indianapolis to attend the annual session of the grand commandery of Indiana, they had visions of bringing home the cup awarded for the commandery with the largest percent of its members in the parade this afternoon.

The rain today was the chief cause for the hopes of local Knights being buoyed up. The rain meant that a large majority of the farmer members of Rushville commandery would be in line at two-thirty o'clock when the parade started. Had the weather been good, practically all of them would have remained home on account of spring farm work being late. Rushville commandery was to be led by the Indianapolis News newboys band.

Rushville is taking a prominent part in state convalescence this year. Will M. Sparks, past commander, will act as prelate in the picked team which will give degree work at the meeting tonight.

Excerpts from the speeches of Senator Watson as temporary chairman and Senator New as permanent chairman of the republican state convention in Indianapolis today, will be found on page 2.

WALTER BOSSERT RETAINED

Sixth District Battles to Draw and
Election of Chairman is Left
to State Committee

(By United Press.)

Indianapolis, Ind., May 12.—Edmund W. Wasmuth of Huntington was re-elected chairman of the republican state central committee at a reorganization meeting of the committee preceding the state convention here today.

Frederick Shortemeier of Indianapolis was re-elected secretary of the committee.

The fight by Senator James Watson, candidate for re-election, and Warren McCray, nominee for governor, seeking to unseat Wasmuth, collapsed last night and assured his retention.

John Bryson of Brazil was chosen vice-chairman and Fred Gardner of Indianapolis was named treasurer.

The vote in all cases was unanimous. The meeting lasted twenty-five minutes. There was no dispute during the whole meeting.

Walter Bossert was named chairman of the sixth district over Walter Bridges of Greenfield, a supporter of Senator Watson.

Following the receipts of reports of the district chairmen: election yesterday, party leaders held a conference at which opposition to Wasmuth was withdrawn and harmony urged.

The eight county chairmen of the sixth district, who composed the republican district committee, balloted to a draw at the meeting held in Liberty yesterday afternoon for the purpose of electing a district chairman, four voting on every ballot for the re-election of Walter F. Bossert of Liberty and four for his opponent, Walter Bridges of Greenfield, who was favored by friends of Senator James E. Watson.

The county chairmen lined up just as it was predicted they would—Glen Zell of Fayette county, Otto Lee of Shelby county, I. M. Bridgeman of Franklin county and Oliver Lafuze of Union county supporting Bossert against all comers and steadfastly refusing to compromise.

The other four chairmen—Rufus Henshaw of Henry county, A. C. Vandurn of Hancock county, Paul Comstock of Wayne county and Pon Riggs of this county—refused to vote for Bossert's re-election because they were pledged to vote against him, but they made repeated attempts to compromise. According to Senator Watson's friends who were at the meeting, the four chairmen opposed to Bossert named at least a score of prominent republicans in the district for whom they were willing to vote for chairman, but all of their overtures for a compromise were repulsed. They even offered to vote for any candidate the Bossert men would name, but the friends of the present chairman could not be budged, evidently intending to keep the meeting in a deadlock if Bossert could not be re-elected and take the contest to the state committee.

The chairmen who voted for Bridges on every one of the eight ballots taken, pleaded for party

NO ROAD BIDS ARE RECEIVED

Not Expected Contractors Would
Bid on Offutt Highway

The county board of commissioners continued the Sabert Offutt road, which was petitioned for under the county unit law, yesterday afternoon when no bids were received. It was not expected that any contractors would bid on the contract in view of the fact that the commissioners announced they would not allow the contract until the state highway commission determined definitely whether the Brookville road would be made a part of the state highway system.

The Offutt petition called for the reuniting of the pike from here to the Rush-Shelby county line west of Arlington. If taken over, the road will be maintained and kept in commission by the state commission until permanently improved.

DIAPASON SINGERS WILL MEET SUNDAY

C. C. Chester of Des Moines, One
of Early Teachers, to Attend
Rush County Reunion

SEVENTH ANNUAL GATHERING

The seventh annual reunion of the Rush County Diapason association will be held at the Main Street Christian church next Sunday afternoon at one-thirty o'clock and present indications are that the attendance will be as large as that of any other meeting of the association.

John A. Spurrier, the precursor of the association, will be assisted by C. C. Chester of Des Moines, Iowa, one of the early music teachers of Rush county. He had singing classes as far back as 1864 and is remembered by many of the older people of the county. Mr. Chester has consented to come to several reunions of the association, but nearly every time something interfered with his visit. It is assured that he will be present this time. The Floyd quartet of Dublin, Wayne county, has also promised to attend and sing.

Stephen Dungan of Franklin, Ind., one of the first teachers here, is not able to participate in the Diapason meetings any more because he is totally blind. He has been present at reunions here. David McKee of Connersville, the president of the county association, will be here for the session and will indulge in some of his reminiscent talks which are always enjoyed by members of the association. Will L. King is secretary of the local organization.

COLLINS MAY NOT ASK COURT FOR NEW TRIAL

Shelbyville Man Sentenced Here
Yesterday is Undecided About
His Future Actions

MUST DECIDE BY SATURDAY

Cecil B. Collins of Shelbyville, who was given a sentence of from one to five years in the state prison yesterday afternoon in the circuit court here, after the jury had returned a verdict of guilty, was still in jail here today, his attorneys not having made known whether they would ask for a new trial.

Collins, who was the former clerk of the Shelby circuit court, was tried and found guilty here of embezzlement of funds while in the official capacity of clerk. In the trial here he did not offer any evidence nor was he on the witness stand himself.

When Judge Craig, of Greensburg, who acted as special judge in the case, passed sentence yesterday, Collins stated that he would probably ask for a new trial. His attorneys, Young and Young of this city, stated today that they were undecided, but would know before Saturday. Collins will remain in jail until that time.

SUPPLIES FOR THE CANVASS ARE HERE

Plans Will be Made Tonight For En-
rollment Campaign in Interest
of Salvation Army

ELKS COMMITTEE IS TO MEET

Every Person Able and Willing to
Contribute Towards Maintenance
of Army Will be Solicited

Citizens of Rush county will be called upon in a few days to "invest in humanity."

Through the Elks lodge of this city, which has taken charge of the campaign, every person who is willing and able to contribute something toward maintaining the social and charitable work which is a daily part of the routine of Salvation Army workers, will be given a chance to do their share.

The committee from the Elks, which has been appointed to conduct the campaign for enrollment of Salvation Army friends, will meet tonight to make arrangements for the canvass of the county.

Captain J. A. Tench was in Indianapolis this week and obtained the necessary supplies to conduct the work. In addition to a number of posters and other advertising material, he also got about one thousand and enrollment slips which will be used by the canvassers.

In all except a few counties where local conditions have caused a change in arrangements, the Salvation Army's 1920 Home Service Appeal was launched Monday. It will continue until May 20.

The plan is to enroll every person who is willing to help his unfortunate fellowmen. The persons so enrolling will agree to contribute whatever sum they specify to the Salvation Army as a means of supporting the work of home service and social uplift.

Every individual who joins in the enrollment will be investing whatever he gives in humanity—he will be doing his duty as a citizen in helping those whom misfortune and trouble has thrown on the dependence of the Salvation Army.

The sum sought in Indiana is \$422,000. Every cent of this is needed if the program which has been mapped out by this organization for the present year is carried out. Raising this quota means milk and ice for sick children and weak mothers this summer, a chance for the man in trouble, help for the wayward girl, food and shelter for the destitute. Failing to raise it will mean denying these same necessities to hundreds of persons who have no other recourse than an appeal to the Salvation Army, according to Major A. Robinson, chairman of the executive committee in charge of the appeal in this state.

APPEALS FOR A DRY PLANK IN PLATFORMS

Prohibitionists' National Committee
Urges Political Parties to De-
clare For Prohibition

WANTS THE AID OF ALL DRYS

(By United Press.)

Chicago, Ill., May 12.—A nation wide appeal was sent out today by the prohibitionists' national committee urging the political parties to adopt a dry plank in their platforms.

Virgil Hishaw, chairman of the national prohibition committee, stated that the situation is serious, with the wets urging a wet platform, and that it is up to the prohibitionists to take such action to crush the wet drive.

He urged churches, Sunday schools, members of women clubs, Commercial clubs, Chambers of Commerce to adopt resolutions demanding both the republican and democratic conventions adopt a dry plank in their platforms.

NEW GOVERNMENT TO BE ESTABLISHED

De La Huerta Will Become Provisional
President of Mexico Pending
Election July 4

CENSORSHIP IN EFFECT

Only Meagre Advices Concerning
Developments in the Interior
Reach the United States

(By United Press.)

Revolutionists headed by General Obregon, in control of practically all of Mexico, prepared today to establish the new government. De La Huerta will take charge of the new regime in Mexico, establishing a provisional government and making arrangements for the national election to be held July 4.

The revolutionists evidently have established a heavy censorship over developments in the interior of Mexico for only meagre advices concerning the developments following Carranza's flight from Mexico City, have reached this country.

Carranza fled from Mexico City on last Friday, according to United Press dispatches. He was overtaken by the rebels.

Reports from both Mexico City and Vera Cruz stated that the rebels clashed with troops escorting Carranza and the revolutionists claimed a victory.

Later advices from Vera Cruz stated that Carranza was being detained while a commission of revolutionists was sent from Mexico City to provide safe conduct for the deposed president to Vera Cruz.

Reports from the Obregon government to the United States declare that every effort will be made by revolutionists to safeguard Carranza's life.

It was stated that the rebels feared to incur the disfavor of the United States in case Carranza's life was taken.

NOBLE FARMERS VOTE PRIZE FOR CORN SHOW

Decide at Meeting of Association
Tuesday Night to Co-operate
in County Wide Exhibit

STATE TAX LAW DISCUSSED

The Noble Township Farmers association last night voted \$25 as a prize to be awarded in a Noble township corn show proposed for next winter preceding the county corn show which is being arranged. The Richland township association was the first one in the county to vote a prize of \$25 and it is expected that other township associations will join in the plan just as fast as the proposal is made to them.

Present arrangements are for the business men of Rushville to raise \$350, of which \$300 is to be awarded in cash prizes at a county corn show and \$50 is to be used to purchase a silver cup for a prize. It is proposed that the township shows be held in the morning and the county show in the afternoon.

A discussion of the state tax law occupied the most of the time of the meeting, a number of the farmers present giving their views. Members of the women's auxiliary of the township association provided a musical program which was immensely appreciated.

CHICAGO MURDER MYSTERY

Chicago, May 12.—The murder of James (Big Jim) Colosimo, proprietor of a restaurant famous in Chicago's night life, remained a mystery today, despite examination probably of a score of persons. Colosimo was killed near the entrance to his cafe yesterday by a person who escaped apparently unseen.

PRISONER GETS AWAY FROM JONES

Sheriff Fires Six Shots at Lawrence
Pea When He Escapes at Jail
Entrance

STILL AT LARGE LATE TODAY

Young Man Arrested on Grand Lar-
ceny Charge, Being Accused of
Stealing Corn

While under arrest this morning, and being taken to jail, Lawrence Pea made a dash for liberty. Six shots fired by Sheriff Jones failed to stop Pea, and at a late hour today he was still at large.

Pea, who is about 23 years old, is the son of Lige Pea, and was arrested by Sheriff Jones this morning at eight o'clock on a bench warrant from the circuit court, alleging grand larceny.

The arrest was made at the corner of First and Main streets, when Pea was found on an automobile truck which he was driving. He was taken in charge of by the sheriff and placed in an automobile and driven to the jail.

When the machine stopped at the jail, on the east side, Pea made a bound over the side, and ran south in Perkins street, turning west through the hitch rack. Sheriff Jones ordered him to stop and fired six shots at him, not intending to hit him, but as a warning for him to stop.

Pea, however, did not stop, and continued to run, and he was lost in the alleys in that part of the city. Ed Spradling, deputy sheriff, was driving the automobile, and the arrested man and Sheriff Jones were riding in the rear seat.

The charge of grand larceny alleges that Pea stole a quantity of corn from Theodore Reed at his farm last Saturday night. Pea is employed by the Mascant Commission house in West Second street and it is said that he used their truck in making the trip out to the Reed farm.

Sheriff Jones did not have time to question Pea about the robbery when riding from First and Main streets to the jail, but it is thought by the officers that the act was not committed by Pea alone, and someone else will probably be included with him.

The police aided Sheriff Jones and his deputies today in the search for Pea, and Sheriff Jones posted a reward of \$25 for his arrest.

STATE GAME WARDENS ARE IN RUSH COUNTY

Fishermen Warned to Obey Law
Carefully and Avoid Being
Arrested by Them

HOW VIOLATORS ARE CAUGHT

Three deputies from the state department of conservation arrived in Rushville today and will patrol the streams around here in quest of violators of the fishing laws of Indiana. These deputies have been active in nearby cities and have brought many violators into court on various charges.

In patrolling the streams at Seymour, one of the men came upon a fisherman, and indulged in conversation with him and learned that he was from Indianapolis. This man paid a \$20 fine for fishing in a foreign county without a license. Farther down the river three men were arrested for pulling out bass under ten inches in length. Yesterday in Greensburg a prominent citizen and democratic candidate paid a big fine for having a seine in his possession.

The laws are very strict concerning fishing, and local fishermen should take caution and "see the line" or else the local courts will be busy. The game wardens have a variety of finding out the violators and local officers will assist them in enforcing the state statutes regarding the protection of fish and game.

EVIDENCE WAS LACKING PRAISES RECORD MADE BY CONGRESS

Tail Light Case Against R. L. Tompkins Has Been Dismissed

The case against Robert L. Tompkins charged with not displaying a lighted tail light, which was scheduled for trial in police court last night, was dismissed, because of lack of evidence for prosecution. It was stated by Prosecutor Stevens that the police were unable to remember where the machine was located when found to be without the tail light on the night charged in the affidavit.

MRS. NELLIE PECK of Kansas City, who says her little boy never had a well day until he began taking Tanlac. Declares she will never be able to pay the debt of gratitude she owes the medicine.

"I will never be able to pay the debt of gratitude I owe to Tanlac for what it has done for my little boy and me," said Mrs. Nellie Peck, No. 1421 Charlotte St., Kansas City, recently.

"My little boy Curtis is fourteen years old and never in his life had he seen a well day until he began taking Tanlac. I worried and worried over his condition, but in spite of everything I could do he didn't seem to gain any strength and was weak and delicate practically all his life. He seemed to have a very weak stomach. It just looked like he couldn't eat anything and digest it like other children.

He had no appetite at all and what little he did eat seemed to sour on his stomach. Sometimes his heart would palpitate terribly and he would get so dizzy he could hardly walk and as I stood and looked at him I thought he would surely fall over. He would have had headaches and was nervous and could never sleep at night. At school he was never able to keep up his work and he had to stay out a great deal on account of poor health.

"I had heard so much about Tanlac I decided to try it and see if it wouldn't help him. Well, you just can't imagine how overjoyed I was when he began to improve! I kept right on giving him the medicine until now it is hard for me to believe he is the same child. His health is better than ever before in his life and he is bright and playful all the time and he enjoys going out and playing with other boys. He has a splendid appetite and I let him eat anything he wants. He is not the least bit nervous any more and is asleep as soon as he goes to bed. In fact, he is perfectly well in every way.

After seeing what Tanlac did for him I began taking it myself as I have been suffering from stomach trouble, headaches and dizziness for five years. Since taking this grand medicine I am now happy to say that I never suffer any more with these troubles.

"Tanalac has been one of the greatest blessings that ever came into our home and I expect to praise it as long as I live."

Tanalac is sold in Rushville by F. B. Johnson Co. in Milroy by Dallas Copper, in Manila by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, and in Carthage by Otto C. McCarty. (Adv.)

I will be in Rushville every week at Scanlan House.

Senator James E. Watson Delivers Keynote Speech at Republican State Convention

NEW PERMANENT CHAIRMAN

Senator Predicts Victory of Party Next November—Scores Government Extravagance

Indianapolis, Ind., May 12.—Praising the record of the republican party in its national activities, James Eli Watson, junior United States senator from Indiana and candidate for re-election to the senate next November, today delivered the keynote address to the republican state convention here. Watson was temporary chairman and Senator Harry S. New was to be permanent chairman of the meeting.

Watson arraigned the Wilson administration in every phase of its work, attacking the tariff system, the "watchful waiting" policy toward Mexico, the alleged extravagance and its railroad policies. He charged that the war department had sold 22,000,000 pounds of sugar at 2 cents a pound in France "presumably because they did not care to 'disturb the industrial conditions' in our country by bringing it home and placing it on the market."

"The republican party has had its problems of war and its problems of peace, its problems of prosperity, and its problems of adversity and it has wisely solved them all," the senator said.

"Capital is fearful of its future, labor is dissatisfied with its outlook, governments are uncertain as to coming days, anarchy and Bolshevism threaten many of the nations of the earth and look where we may there rests upon all the black pall of fear," Watson asserted, declaring that the nation must turn to the republican party "as the sole instrumentality through which order can be restored by normal processes and along same lines."

Referring to President Wilson's policy toward Mexico as "spineless and un-American," Watson said that 665 Americans in Mexico have been killed by brigands, possibly with the sanction of governmental authorities, and that \$1,000,000,000 worth of American property in Mexico has been confiscated or destroyed.

Watson called attention to the campaign slogan of Wilson supporters in 1916—"he kept us out of war"—and asked the nation to beware of the democratic promises in the November election.

The senator dwelt at length on what he termed "extravagance" of the democratic administration, particularly during the war in relation to aircraft expenditures and production of war materials. He declared that with 391,000 horses and mules in the war service, the war department ordered 945,000 saddles, over 1,000,000 sets of double harness and other stable material in excess of their need.

Turning to the high price of food, Watson declared that the government consistently refused to release on the public market large quantities of food which it had purchased prior to the signing of the armistice. Watson estimated the amount purchased at forty percent of all the foodstuffs of the nation.

"Everyone is familiar with the fact that multiplied thousands of tanks and automobiles have been permitted to go to wreck and ruin in all parts of the country, standing out of doors in all kinds of weather," Watson continued.

"We spent approximately \$117,000,000 in the manufacture of gas and there was never a pound of that gas used in American shells."

Jumping to the question of railroads, the senator praised the action of this congress in passing the railroad legislation. He reviewed the granting of wage increases to the railroad workers and maintained that the successive increases "were not made with business like methods." The financial result of the 26 months of government operation, Watson said, was a deficit of \$904,000,000.

"I am opposed to government ownership of any enterprise, that the private citizen can own and operate in this country," he said.

Watson promised a reduction in taxes "not only by limiting expenditures but also by a change in the methods of taxation," if a republican congress holds sway. He also declared for better relationship between capital and labor.

United States Senator Harry S. New today predicted the victory for the republicans in the polls next November in an address before the

convention of which he was permanent chairman.

"This is a government based on the constitution and we mean to keep it so," New said. "We shall bring order out of national confusion, economy out of extravagance and instead of a government of personalities and inefficiency, we shall have a government of which all classes of just and honest Americans may well be proud. To that great work we summon all men and women and have no fear for the outcome in November."

The Senator talked somewhat along the lines of Senator Watson, who preceded him on the platform. His attack at the expenditure of this government during the war and said that "the foolish and unnecessary expenditure of money has not ceased."

"When Mr. Wilson with his dejected and bedraggled party at his heels turns the government over to his republican successor in March of next year, he will hand him a legacy of a public debt of \$30,000,000,000 or more," New declared. "It costs us now as much to pay the interest on this staggering total as it did to run the government before the war, including army, navy and every conceivable item."

"I want to be fair to the administration and admit that much of it is due to the war; but it is a common notoriety and easily susceptible of proof that billions of dollars were wasted—thrown away—and contributed nothing toward winning the war. We have indeed engaged in a money debauch and 'now in the cold gray dawn of the morning after' we must set about the work of restoring our house to order and settle the bills."

"The war is over," New continued, "but apparently the administration does not know it. It does not

Local Manager Wanted

Unusual Opportunity for Right Man

A large brokerage firm doing a successful business with well-rated concerns throughout the country, wants a capable man at once to develop and handle their local business. The opportunity is an unusual one because of the possibilities offered for substantial earnings in a highly respectable business which will steadily increase as it becomes more firmly established locally.

The position requires a man possessing executive and sales ability with business experience and having commercial banking connections, although no investment is necessary. He may devote only a portion of his time to the business at first if desired, though we prefer a man who is able and willing to give the business his entire time and best efforts.

The local branch should pay from \$2500 to \$10,000 the first year, according to population and the ability of the manager, as the company which we handle is a staple, always in demand, and which our large buying facilities permit us to sell at less than average market prices.

Owing to the demand, we must fill this position at once. Send your application to Bernice Coal Co., 825 Como Bldg., Chicago, Ill., but do not write unless you can satisfy us as to honesty, reputation and business ability.

AMUSEMENTS

Burgess Novel on Screen

Today the Mystic Theatre presents a William Fox screen version of Gelett Burgess' popular novel, "Find the Woman", under the title of "A Manhattan Knight." The star of the production is George Walsh, who has appeared with great success in other stories of this type.

A fine cast will be seen in support of the athletic star, who in this production sets a new mark for other two-listed stars of the screen to aim at. Virginia Hammond, now appearing in support of Blanche Bates and Henry Miller on Broadway; Robert Bently, also on Broadway, and Pauline Caron and Louis R. Wolheim, both in successful New York stage productions, support Walsh in this great story of New York life.

George Beranger directed the picture—his first for Fox Film Corporation—and the photography was in the hands of Charles Gilson.

Watson Says "Big Four" Are Pledged to Vote for Gen. Wood

Continued from Page One

"I know our platform will contain assurances that this will be done," he stated.

The senator's address lasted till well past noon. There was no recess for lunch. Senator Harry New took the floor following Senator Watson.

The convention was notable for the large number of women present, a few of them being sprinkled

among the delegates.

Senator Watson pledged that the regular "big four" delegates—Major General Wood's plurality in the Indiana primary and his endorsement of Governor Goodrich's administration and the tax law, were taken to indicate that two of the most important fights which were expected to develop tomorrow will not materialize.

There was every indication that the utmost harmony would prevail throughout the meeting.

Scrambled Justice

We are a nation which stands for

right and justice.

But we fear both are in rather a

scrambled condition today.

The average American, who is not

a corporation magnate or a member

of a trades union is often sorely

puzzled. It is difficult for him to

know where to let his sympathies

drift, and because of this sympathy

he often bottles it up and forgets

about it.

Every day he reads about some

strike or other. The employer tells

his story, and it sounds plausible.

The employee tells his side, and it

sounds equally plausible.

Judging clearly from the pub-

lished statements they are both

but it is difficult to see how both

can be right and still one be wrong.

Were Solomon alive he could prob-

ably solve the riddle. But Solomon

is no more, and none of us have

qualified to take his place as the

wisest of men.

And in the meantime the strikes

go merrily on, with both sides right

and both sides wrong, and the pub-

lic gradually working itself up to the

point where it doesn't give a whoop

who is right and who is wrong.

Life is too short to scramble one's

brain over something one can't un-

derstand, for it would take the wis-

dom of the Creator himself to deter-

mine the exact line of demarkation

in the incessant strife between cap-

ital and labor.

Composite Citizen Sensible

The failure of the "overalls"

movement is gratifying and reassur-

ing. It indicates that the people of

the country are not as hysterical as

some would-be leaders. To buy new

overalls to wear over or in the place

of clothing already owned would not

be a measure of economy but would

increase the demand for new goods.

Reports indicate that the people of

the country are adopting the same

and sensible policy of wearing old

clothes a little longer and thus de-

creasing the demand for new goods,

saving something to themselves in

the wear they get out of the clothing,

and relieving the shortage of labor

and commodities. All the people tak-

en in the composite have more wis-

dom than any one man or small

group of men.

In the various contests where the

issue is Americanism vs. Interna-

tionalism, the victories of American-

ism are of steadily increasing de-

cisiveness. Soon the scoundrels will be

on the run.

So eager was Assistant Secretary

of Labor Post to protect his friends,

the radicals, that he has been known

to send for the papers in deportation

cases at the rate of 100 a day in or-

der that he might cancel the war-

rants. This is but one of the many

charges that have been brought

against Post in the course of the in-

vestigation of his conduct being

conducted by the House of Repre-

sentatives. And still he sits at his

desk, undisturbed by his superiors,

thwarting the course of justice and

contributing substantially to the

cause of the Reds.

Yes, we are all a day older than

we were at this time yesterday. But

some of us hate like sin to admit it.

Just note, will you, how cheerfully

dad pays the household bills these

days. He's becoming both a Solomon

and a martyr in his old age.

Sap and Salt

By BERT MOSES.

No use for the barometer any

more—every day is dry.

It is mighty hard to give a defini-

tion of the thing we know most

about.

Give me the man who is always

ready to spit on his hands and take

a fresh "holt."

Civilization has never been a suc-

cess because it has always inter-

fered with human nature.

From getting into men's affec-

tions to getting men into court,

women seem to get into pretty much

everything here is.

Hez Heck says: "Among the high-

est tokens of friendship these days

is a willingness to share the last

pint with a friend."

Energy and thrift will accomplish

many things, provided common sense

hold the reins.

fellow and "took" the jibes of his
friends without a retort. One day
another physician inquired why he
insisted on keeping that "old pacing
boss" when he wasn't worth his feed
on account of being so slow."I wouldn't give up that horse

100 ATHLETES TO REPRESENT FRANCE

Her Preparation For The Olympic Games Has Rather Been a "Non-Preparation"

ALL AROUND CHAMPIONSHIP.

French Union of Athletic Societies to Start Elimination Events on This Month

By HENRY WOOD
(U. P. Staff Correspondent.)

Paris, April 24 (By Mail).—France will be represented at the Olympic Games at Antwerp this summer by about 100 athletes, selected out of the 150 men who have been preparing for it.

France's preparation for the Olympics has rather been a "non-preparation", according to members of the preparatory committee but there are many reasons which make it easy to understand, first of all because there has been no budget voted to help the men who were selected to start training, and also because track is now considered in France as a sport which does not pay, contrary to football and boxing which do pay.

However, the French will not come to Antwerp without chances at all; although their stars have been beaten previously, they are worth considering. There are five of them, among whom four went to the Athens Olympics. Here are their names and titles:

J. de Fleurance, president of the preparatory committee to the Antwerp games, ex-lieutenant in the French army, who is the champion of France for the fifteen hundred yard run.

M. Raguenan, ten times champion, the first Frenchman who ran eight kilometres in one hour.

G. Poulhar, ex-director of the Joinville school, champion of the eight hundred yard dash for France.

Doctor Bellin du Coteau, the only physician in France who trained in track while he was a student in medicine and who participated in the final at Athens.

Mauree Renard, another French champion in the 1,500 yards run, who went to the Stockholm games.

These five men who are among the best trained have, of course, many chances to distinguish themselves at Antwerp, but according to very good information, the four following men should be watched and are now in fine condition.

B. Ferry, who won the 440 yard dash in 50-3/5 when he was only 18 years old.

L. Guillemot, the recent winner of the cross-country in England.

M. Denis who won the 1,500 metres run in 4 minutes 6 seconds.

A. Bouchard, one of the first placers in the marathon.

Some of the well trained men are: Jean Arnaud, another 1,500 metres run record man; Geo. Andre and Simon Paoli, the latter a very good discus hurler.

The French track club has organized an all-around championship in France starting May 4, the winners to come to Paris for the French championship that will select the French representatives at Antwerp.

The French Union of Athletic Societies was scheduled to start elimination events on May 9, which will be considered as a selection to the first degree. These events are open to two categories of athletes:

On one part, the beginners under 25 years of age, who will be admitted in the sixty metres dash, the three hundred metres dash, the thou-

If You Need a Medicine • You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfil the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for it almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.

BISCUITS, BUNS and ROLLS

From the NEW ROYAL COOK BOOK

BISCUIT! What de-light this word suggests. So tender they fairly melt in the mouth, and of such glorious flavor that the appetite is never satisfied. These are the kind of biscuits anyone can make with Royal Baking Powder and these unusual recipes.

Biscuits

2 cups flour
4 teaspoons Royal Baking Powder
1/2 teaspoon salt
2 tablespoons shortening
1/2 cup milk or half milk and half water

Sift together flour, baking powder and salt, add shortening and rub in very lightly; add liquid slowly; roll or pat on floured board to about one inch in thickness (handle as little as possible); cut with biscuit cutter. Bake in hot oven 15 to 20 minutes.

Royal Cinnamon Buns

2 1/2 cups flour
1 teaspoon salt
4 teaspoons Royal Baking Powder
2 tablespoons shortening
1 egg
1/2 cup water
1/2 cup sugar
2 teaspoons cinnamon
4 tablespoons seeded raisins

Sift 2 tablespoons of measured sugar with flour, salt and baking powder; rub shortening in lightly; add beaten eggs to water and add slowly. Roll out 1/2 inch

thick on floured board; brush with melted butter, sprinkle with sugar, cinnamon and raisins. Roll as for jelly roll; cut into 1 1/2 inch pieces; place with cut edges up on well-greased pan; sprinkle with a little sugar and cinnamon. Bake in moderate oven 30 to 35 minutes; remove from pan at once.

Parker House Rolls

4 cups flour
1 teaspoon salt
4 teaspoons Royal Baking Powder
3 tablespoons shortening
1 1/4 cups milk

Sift flour, salt and baking powder together. Add melted shortening to milk and add slowly to dry ingredients stirring until smooth. Knead lightly on floured board and roll out 1/2 inch thick. Cut with biscuit cutter. Grease one side of center. Butter the small section and fold larger part well over the small. Place one inch apart in greased pan. Allow to stand 15 minutes in warm place. Brush each with melted butter and bake in moderate oven 15 to 20 minutes.

WALTER CHAMBERS IS RE-ELECTED CHAIRMAN

Newcastle is Unanimously Chosen District Democratic Leader at Cambridge City

RUSH COUNTY REPRESENTED

Walter Chambers of Newcastle was unanimously named Sixth district chairman of the Democratic party, at a meeting in Cambridge City, Tuesday afternoon. His selection was expected.

John Wallace, Rush county democratic chairman, was unable to attend the meeting and was represented by Gates Ketchum of his city who voted in his place.

Charles Hawk, of Shelby county, was unanimously named vice-chairman; Claire B. Curry, secretary and Chester DeWitt of Newcastle, treasurer; Benjamin Bosse of Evansville, was endorsed for re-election as state chairman, at the state meeting next week.

William A. Yarding of Shelbyville, Democrat, who will oppose Dick Elliot for congress, made a brief talk.

Women may attend the state convention as alternate delegates, if they wish, the meeting decided.

Harmony in making appeals for a compromise candidate but were not able to get a response from the Bossery men, with the exception of the allegation that Bossery's future depended upon his re-election and that he was entitled to another term on account of the record which he had made.

Although the district committee voted behind closed doors, no secret ballots were taken. Every chairman voted openly and every other member of the committee knew where he stood. Most of the time was taken up with discussions and arguments in an effort to break the deadlock and frequent recesses were taken to give the chairman a breathing spell and a chance to confer with their friends on the outside.

J. M. Bridgman of Brookville presided as chairman and Paul Cookstock of Richmond was secretary. The district chairman was not allowed in the meeting, under the rules of the state committee, and took no part in the discussion.

Yesterday afternoon a party of friends entertained in honor of the 91st birthday of Mrs. "Aunt" Polly Stiers, who was born in 1832, in Noble township, where she spent her life until 14 years ago, when she moved to Rushville. Two automobile loads motored to the county poor farm, and treated the four women inmates of the institution to all sorts of good things to eat, in honor of Aunt Polly's birthday. There was everything conducive to a happy birthday celebration even to the birthday cake with its lighted candles.

A picture was taken by Mrs. Esta Webb, it being the first time Aunt Polly had ever posed for the camera. The following sent remembrances of

Genuine Tasteless Castor Oil Always Labelled Kellogg's

Every Bottle of Kellogg's Tasteless Castor Oil is Laboratory Bottled and Labelled Kellogg's

When you ask for Kellogg's Tasteless Castor Oil see to it that the bottle is labelled with Kellogg's name. Kellogg's Tasteless Castor Oil is sold only in bottles filled at the laboratories of Spence Kellogg & Sons Inc. Take no other if you want a really tasteless castor oil. It is the same good old-fashioned castor oil that your doctor prescribed, with the disagreeable taste removed. It has the same strength and purity. Kellogg's Tasteless Castor Oil is precisely what the name says—absolutely tasteless. In the opinion of physicians and druggists who are already familiar with Kellogg's Tasteless Castor Oil, this valuable new form of the good old family remedy is a boon to children and even to grown-ups. Two sizes, 35c and 65c. At all good druggists. (Advt.)

AFTER CLOUDS COMES SUNSHINE.
AFTER DESPERENCY COMES JOY.
AFTER SICKNESS COMES HEALTH.
AFTER WEAKNESS COMES STRENGTH.

In the spring when you're "all in"—fagged out—blood thin, if you will turn to Nature's remedy, a tonic made from wild roots and barks, which has stood fifty years as the best spring tonic—you will find strength regained. No need to tell you it's Dr. Pierce's Golden Medical Discovery, put up in tablet or liquid form, and sold by every druggist in the land. After a hard winter—shut up indoors, your blood needs a temperance tonic, a tissue-builder and blood-maker such as this "Medical Discovery" of Dr. Pierce's.

Twining, Mich.—"We have used Dr. Pierce's Golden Medical Discovery as a general tonic medicine. When any of us didn't feel right we would use a bottle or two, and would be all right."

"At the time my daughter was developing I gave her Dr. Pierce's Favorite Prescription, and prior to that Dr. Pierce's Golden Medical Discovery as she was a delicate girl, and it always benefited her."—MRS. S. A. DOUGLAS, Route 12.

FLEET OF TRUCKS TO VISIT CITY

Motor Trucks Valued at \$125,000
Will Come Here May 20 From
Indianapolis

WILL ARRIVE AT 4 P. M.

Caravan is Sent Out by Dealers to
Boost Shipping by Truck—
Man Will Speak

A fleet of pneumatic tired motor trucks valued at \$125,000 will visit Nashville coming from Indianapolis under the auspices of the Indianapolis Auto Trade Association. A prominent speaker will accompany the Motoreade.

Among the countries many diversified industries none has attained greater prominence than the motor truck industry declared N. H. Cartinbour, who will accompany the Farm Development Tour when it comes to this city on Thursday, May 20, at 4 o'clock.

The caravan of trucks which the prominent dealers in this district have entered in this trip will prove that heavy trucking on pneumatic tires does not damage the road. These trucks will demonstrate that it is possible to haul fragile and perishable goods to market at a saving and less loss from shrinkage than by horse and wagon. It will prove also that they can negotiate

Goodyear Leadership— and Tires for the Smaller Cars

Enormous resources and scrupulous care have produced in Goodyear Tires for the smaller cars a high relative value not exceeded even in the famous Goodyear Cords on the world's highest-priced automobiles.

In addition to its larger sizes, Goodyear manufactures an average of 20,000 small car tires a day in the world's largest tire factory devoted solely to the 30x3, 30x3½, and 31x4-inch sizes.

Last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

Their extreme worth is available for your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

Fabric, All-Weather Tread

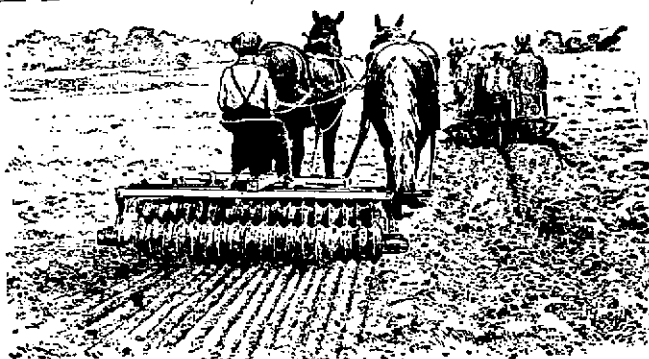

30x3½ Goodyear Single-Cure \$21.50

Finish the Job Right

SOMETIMES we are inclined to let a job go half done—or leave it when it is almost finished. It's poor business. Finish any job you start—and finish it right. Take the matter of harrowing:

A field that has been gone over with a disk harrow and smoothed with a peg-tooth harrow usually presents a pretty good seed bed under favorable conditions. But all too often the seed bed isn't as good as it ought to be in spite of diligent disking and harrowing. Very frequently there are hard clods that are dug up by the disking which lie scattered about the field like stars in a clear, moonless sky. Each one of these lumps is a crop killer—it is taking up good air and moisture without offering any return therefor to you.

Finish the job right by crushing these hard lumps with a Dunham Culti-Packer. Not only is this implement very valuable in completing the preparation of a good seed bed by pulverizing the hard lumps and clogs dug up by harrowing, but it also prevents winter killing to a great extent. When the culti-packer is used early in the spring, it packs the soil that has been humped up by the frost, leaving wheat roots exposed to the air, thereby "replanting" this grain by packing the soil around the roots.

Come in and have a look at one of these culti-packers. We sell them.

all roads under the most adverse conditions.

A local committee is planning to meet the fleet on the outskirts of the city and escort the convoy to a parking place down town where a short program of speaking will be conducted.

The purpose of this tour is to boost good roads, speed up production on the farm, demonstrate that trucks can be used for all kinds of work in the rural sections and prove that the cost of operation is considerably less than by the old methods. The unique motoreade was planned by the dealers as an educational enterprise and there will be no attempt made to solicit business on this trip.

LIVES WITH NECK BROKEN

Charles Cline, of Kansas, Related
Here, Meets With Accident

Mrs. Dora Hilligoss, living southwest of the city, has received a copy of a Lincoln, Kans., newspaper which tells in detail about an accident that happened recently to Charles Cline, a cousin of Mrs. Hilligoss, and related extensively in this county. Cline is the son of John Cline, who was born here, but the family later moved to Kansas. The injured man suffered a broken neck, when his coat caught in some manner in the drive shaft of a tractor that he was working, and even though his neck is broken, the physicians are hopeful for his recovery. Portions of the fifth and sixth vertebrae, both of which were broken, were removed, allowing the pressure to be removed from the spinal cord. His condition is regarded as serious as an operation of this kind is most unheard of, and usually proves fatal.

Buy Your Coal Direct From Mine—Big Saving

The high cost of coal is a thing of the past! At least, there are no complaints of this account—since the removal of government restrictions—among those who have learned how to buy coal. The way to buy coal is to get it direct from the mines. This saves several middlemen's profits. It saves hauling expenses. Anyone can now buy at mine prices, whether a car-load buyer or one who uses only ten or fifteen tons a year. This has been made possible through a plan evolved by a large and old-established concern, THE BERNICE COAL COMPANY, with main offices at 445 Compo Building, Chicago.

This company has thousands of customers in various sections of the United States who receive all of their coal direct from the mines. These customers are pleased not only because of the many dollars they save every year, but also because of the quality of coal they are getting. Many write that they never before had coal that makes so little dust, that burns so well, leaving so few ashes. If you are greatly to your advantage to write the Bernice Coal Co. at once for prices, stating kind and quantity of coal you use.

AIRPLANE ASTONISHES THE SHANGHAI NATIVES

Aerial Joy Riding Caused Much Excitement When British Commander Took a Ride

CONSTRUCTS LANDING PLACE

(By United Press.)
Shanghai, April 8. (By Mail)—Aerial joyriding was introduced into China for the first time today when Major William R. McBain, former squadron commander of the British air forces on the Western front, made an ascent in his private airplane. His is the first privately owned plane to be brought to this country and as he soared over the Native City he created consternation among the hordes of Chinese there, most of whom had never before seen a flying machine, although the sight was not new to the people of the International Settlement.

Major McBain was shot down twice in the war and has an official record of thirteen planes. His squadron brought down 207 planes.

Besides having built a private hangar and workshops, the major has constructed a private landing field on the outskirts of the settlement.

The plane is an Armstrong-Whitworth.

You Can't Rub It Away; Rheumatism is in the Blood

Liniments Will Never Cure.

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and you remove the pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Pianos—Phonographs—Player Pianos

Get in on this Week's SALE FOR BIG BARGAINS

This is the big week of our SALE TO REDUCE STOCK. Only a few instruments remain on our floor to be sold. The way we have cut prices down on these pianos and beautiful instruments is surely inducement enough for you to buy now, if you are expecting to buy at any time. You have been waiting for lower prices—less cost. We have made it possible for you to buy in this sale for less. Come this week and pick out the instrument you like best. Don't wait until they are all sold. Reasonable terms of payment will be granted if you so desire.

We are also accepting Liberty Loan Bonds at face value—just the same as cash during this sale. Come in and get the prices. Now is the time to buy. See what you can save.

Store open each evening to 8 o'clock to accommodate those who cannot come during the day.

Music Rolls

Yes. We have some Big Bargains for you. See the bargain counter of more than 300 rolls for this week only.

ALL GOOD ROLLS—taken out of our new, clean stock of popular and classic numbers, with a big slice 20 per cent reduction off of the price in plain figures—that's our policy. We sell the best player rolls the market affords. Everybody knows the high quality goods handled by this store.

Simply a case of overstock, which we wish to reduce. Rolls on this bargain counter are for cash only. Get yours before they are all gone.
